Profile Forms

Please complete these as fully and as honestly as you can. Your information is private and confidential between yourself and the course leaders and is not shared for any purpose to anyone.

- **Dietary Needs:** Please indicate clearly any dietary preferences, e.g. vegetarian, vegetarian incl fish, vegan etc. It is especially important that we know of any food allergy.
- **Medical Conditions:** It would be helpful for us to know of any medical condition which might affect your ability to participate or which our staff might need to respond to.
- **Walking Ability:** Do indicate your walking ability, so that we can plan walks with the group. As a guide we expect that we might walk up to five miles in rough but easy country.
- **Photographic Experience and Interests:** An indication of your photographic experience and, in particular, your subject interests and approach, will help us to plan personal coaching for you.
- **Workshop Experience:** You've read the description and hopefully you can see that we are trying to do something different with our workshop experience. What kind of experience would you like to have?
- **Outcomes:** What would you like to have achieved at the end of the workshop? You might not know until you get there, but we find it is useful to form an initial goal, even if you change direction.

Please also read the booking advice: <http://www.photovate.co.uk/information/booking/>
